## Song / Extra Activities

### GAME: HOT X COLD

Choose one student to close his/her eyes. Hide the ice-cream cone and ask the other students to pay close attention to where you are hiding it. Then ask the chosen student to open his/her eyes and find the ice-cream cone. The other students have to help him/her by saying «hot» (when he/she is close to the ice-cream cone) or «cold» (when he/she is far from it).

When he/she finds the object he/she has to say its name. After that, the student who found the object has to hide it for another student to find.

Each student should have his/her turn. If you have a big group, play in pairs.
